

SAR Germany - rescue dogs

Search and rescue
Worldwide

www.sar-germany.de

Our Responsibility

SAR Germany offers help in the following areas:

Search and localization of missed or entombed humans in catastrophic areas (inland and worldwide)

Consulting and set up of in-situ rescue measures

Medical first aid support of injured humans

Technical and professional support of operation control

Entrainment of own medicine and dressing material to operation area

Guarantee of operation capability based on a broad range of members out of different German rescue dog aid organizations

Surveillance of rescue teams with respect to operation capability based on necessary acknowledge tests and certificates

Education of rescue dogs for international aid organizations.

Installation support of abroad rescue dog teams and new squadrons.

Where we help

Examples of the last operations of SAR Germany:

Frequent regional man trailing operation in cooperation with the Police in Southern part of Germany

In the past the following governments requested SAR Germany to provide help Nepal, Algeria, and Indonesia as well as on request on GIZ in Georgian Republic

Financing the operations

Without external donations we are not able to rescue human lifes:

The life saver of the SAR Germany e. V. - rescue dogs are working voluntary. The financing is exclusively out of donations and grants. All members spend leisure time to help other persons and nations after catastrophic events.

Average costs for an abroad operation will be approx. 10.000 EUR. The SAR Germany needs your help!

Die SAR Germany e. V. is a charitable organization.

Our account for donation:

Kreissparkasse Esslingen
